MORE SUITS BROUGHT IN SUPERIOR COURT.

Large Number of New Matters Re-
turned for December—Damage Cases.

Several more cases have been brought
in the superior court returnable the
first Tuesday in December.

Property was attached Tuesday to
the amount of \$5,000 in three suits
brought against Dr. Joseph M. Gager
of New London by persons claimed to
have been injured when the doctor's
horse ran away on Monday, Nov. 22.

One suit is brought by Gregory Ku-
kedoloff of New London, acting for his
son, Adam, a boy about 5 years of age.
It is claimed that Adam suffered se-
vere injuries to the leg, from which he
has suffered much pain and other min-
or injuries.

Another suit of \$2,000 is brought
by Mateus Gryzmala, acting for his
son, a boy about 5 years old. In this
suit the claim is that the boy's fore-
head was cut, necessitating stitching
and that he suffered other lesser injur-
ies.

The third plaintiff is John H. Fitch
of Providence. Fitch claims various
injuries—a wrenched right arm and
right leg, which he suffered as a re-
sult of a fall from a horse, and claims
as to impede their uses, swollen and
strained sinews and ligaments, an in-
jury to the left hip and other injuries
of less importance. He also claims
damages to a coat and suit, valued at
\$30.

A suit for divorce is brought by
Hattie S. Baker against Albert S.
Baker on the grounds of cruelty. Her
maiden name was Hattie S. Smith and
they were married February 23, 1905.
She asks for the custody of her 4 year
old daughter, Frances E. Baker.

A suit for \$10,000 is brought by
James F. Place of Glenridge, N. J.,
against H. H. Gaffney of New London
on a common count, they having been
interested in the New England Refrig-
erating company in this city. On the
same kind of a suit The Reid & Hughes
Co. seek \$10,000 from A. N. Carpenter.

The trustee of New York, trustee
of the bankrupt estate of Harris Bron-
stein of Griswold, seeks for \$10,000, which
it is claimed the defendant turned over
to his wife, Rose Bronstein, April 7,
1909, previous to going into bank-
ruptcy.

Niantic Factory to Be Rebuilt.

At a meeting of the directors of the
Niantic Menhaden Oil and Guano com-
pany held at Rock Neck Monday it
was decided to rebuild the plant re-
cently destroyed by fire. Not only will
the plant be replaced, but the new
plant will have double the capacity of
the old one.

General Manager Billings said Tues-
day that the rebuilding of the factory
would be started at once. It was im-
perative the work be started at once,
because the company has on hand ap-
proximately 5,000 tons of fish scrap to
be worked into fertilizer. The fertil-
izer must be shipped to the spring
trade.

Received Bad Cut.

Tuesday afternoon Irving Benjamin,
while at work at Joseph Connor &
Sons' store, met with an accident
when a pile of bags of flour fell
against the plate glass window, break-
ing it and one of the pieces struck
him in the forehead, cutting a gash
over the left eye, from which blood
trickled through the eyebrows and into the lid.
It was a bad wound and Dr. Donohue
was required to take a number of
stitches to close it.

Nelson T. Crowell will sing Abide With
Me, by S. Liddell, Crossing the Bar,
by Dudley Buck, Walter F. Lester
will sing O, for a Closer Walk With
God, by Schaecker, and One Sweetly
Solemn Thought, by Ambrose.
There will be a violin solo by G.
Herbert Rich of New London and a
cornet solo, The Holy City, by Frank
E. King.

Rev. Nelson Poe Carey, rector of
Christ Episcopal church, will offer
prayer. The accompanist for the mu-
sical numbers will be Frederick W.
Lester.

The reserved seats for the service
have been sent to the members by the
committee in charge and, as of former
occasions, there will undoubtedly be a
filled house, as this service is becoming
a yearly feature of the lodge. Mem-
bers of the lodge will not act as ushers
and the lodge will occupy seats on the
stage, sitting in a body, the officers and
speakers also being seated on the stage.

DR. KIMBALL NAMED FIRE DEPARTMENT PHYSICIAN

Action Taken at Meeting of the Fire
Company Captains with Chief Stan-
ton—Department Has Light Busi-
ness.

There was a meeting at the Central
fire station Tuesday evening, called
by Chief Stanton for the purpose of
naming a department physician to
succeed the late Dr. G. R. Harris,
who had held the office since its crea-
tion. The captains of the companies,
Captains Connel, Chemical No. 1;
Lewis, Chemical No. 2; Stinson, Chemi-
cal No. 3; Smith, Engine No. 1; Cam-
pion, Engine No. 2; Kelly, Truck No.
1, and Murray, Truck No. 2, with De-
puty Chief Brown and Chief Stanton,
met at 5 o'clock in the chief's office
and named Dr. R. W. Kimball, whose
name will be presented to the State
Firemen's association for the appoint-
ment by the executive committee in
compliance with the by-laws of the
association. He will be supposed to
attend to cases which come under the
association's care and be in readiness
for calls in case he is needed at a fire.
There was also a discussion of the
inspection of the districts in which the
companies are located, which is con-
stantly being made by the heads of
the companies, so that the hazardous
places are well understood as to the
best means of fighting a fire in them.
There were other department matters
which were taken over, and during the
evening Dr. Kimball was called in and
met the captains. It was his busy
night, as he was moving his office, but
he found time to get acquainted with
the firemen.

During November there have been
13 alarms, one being a bell alarm, but
the total loss was not over \$200. In
the past five months there have
been 64 alarms, with a loss of about
\$2,100, which is the smallest in the
history of the city.

RED CROSS STAMPS

GO ON SALE TODAY.

Norwich Will Have 30,000 to Be Dis-
posed of—Working for Establish-
ment of a Tuberculosis Camp.

The sale of the Red Cross stamps
will commence today, and it is expected
that the sale will be a large one.
Norwich is to have 30,000 to dispose
of.

Mrs. G. H. Lannan, secretary and
treasurer of the Norwich sub-division
of the Red Cross, in a letter issued
Monday regarding the stamps states:
The Red Cross is a stamp that car-
ries everywhere a message of good-
will and peace. It is a stamp that
letters with Red Cross stamps, fasten
the ribbon on your Christmas pack-
ages with Red Cross stamps, put them
on your pay envelopes at Christmas
and you can use them as a charm,
with its red cross and holly leaves and
berries.

Every stamp you use means help to
some poor sufferer from tuberculosis,
means a young life saved, health
restored. Eighty per cent of the
money received from the sale of Red
Cross stamps in Norwich and vicinity
goes to the local Red Cross to help its
fund for the war against tuberculosis.
We have now \$71.55 from the sale
of Red Cross stamps last year. We
must have \$1,000 by Jan. 1, 1910,
to start our day camp in the early spring.
The only way we can help tubercu-
losis sufferers is to keep them out of
doors. In a camp under the care of
trained nurses, and with just the right
food. These sick people do not want
to go away from home to a far-off
camp. We must have a camp here and
these lives. Will you help us?
Please do, and buy as many Red Cross
stamps as you can and urge all of your
friends to buy them.

PLANS READY FOR INSANE HOSPITAL BUILDINGS.

Five Buildings, Costing Completed
About \$200,000, Are to Be Erected at
Institution.

The plans are completed for the new
buildings for the Norwich state hos-
pital and will be issued to contractors
for bids today or before the end of
the week.

The group of buildings now to be
erected consists of a south ward, D
building, which will have accommoda-
tions for 100 disturbed patients. There
will also be erected a north ward C
and south ward C, which will accom-
modate 100 patients each, with cor-
ridors and tunnels 100 feet long. A
fire engine house will be built for two
pieces of apparatus, with sleeping quar-
ters on the second floor. A new labor-
atory will also form one of the group,
and an employees' dining room in con-
nection with the kitchen building. Most
of the structures will be two stories
high, of brick, reinforced concrete and
steel, and slate roof. They will be
heated by steam from the main heat-
ing plant, with electric lights, terrace
floors, some dumb waiters, etc. The
cost will be approximately \$200,000.
The bids will probably be received at
the office of the architects, Dr. H. M.
Rogers, the superintendent, is in
charge.

Harvest Masquerade.

Tuesday evening Cadillac hall con-
tained a merry party of about thirty
couples for a private social in the
form of a harvest masquerade. The
hall never presented a prettier appear-
ance, being completely decorated to
carry out the harvest idea with corn-
stalks, pumpkin moonshines, red ap-
ples and other farm suggestions. Cider
was on the list of refreshments, the
costumes were pretty and original, and
a good time was enjoyed by all present.
Among these were guests from New
London and Williamantic.

Skipped Motel Bill.

On Tuesday evening Sergeant Two-
moy returned from New Haven, hav-
ing in custody James Mitchell, wanted
for skipping a hotel bill at the Del-
Ho, where he spent about ten days,
and disappeared, going to Westerly
and then to Providence and Newport.
He was arrested upon information
furnished by Chief Murphy to
Waterbury authorities for a bill con-
tracted there. Tuesday he was picked
up in New Haven for the local job.

THROAT MISERY

Read How a Boston Man Got Rid of
Chronic Throat Disease.

"Hyomel did me a world of good
when I had chronic laryngitis; in fact
it effected a cure after all the best
specialists had given me up as a bad
job. I tried Hyomel the same as I
had tried hundreds of other things that
people or doctors would recommend.
They all failed except Hyomel, and this
effected a cure that has been lasting.
All my troubles happened 12 years ago
and I had ought to be ashamed not to
have written you before. At first I
waited to see if the cure was perma-
nent or not, and when you realize that
for five winters before I used Hyomel
that I could not speak above a whisper
and sometimes not at all, you can
judge why I waited with a good deal
of anxiety for time to tell if I was
really cured or not."—E. A. Lindsey,
145 South Street, Boston, Mass., April
1, 1909.

Breathe Hyomel in through the in-
haler that comes with a \$1.00 outfit,
and this highly healing and antiseptic
vaporized air will promptly relieve and
permanently cure catarrh and all ordi-
nary diseases of the nose and bronchial
tubes. It gives great relief to con-
sumptives. Sold by leading dealers
everywhere and in Norwich by The Len-
ox Good Co.

MI-ONA Cures Indigestion

It relieves stomach misery, sour stom-
ach, belching, and cures all stomach dis-
eases or money back. Large box of tab-
lets 50 cents. Druggists in all towns.

BUILDING OPERATIONS

ARE SHOWING PROGRESS

Eleven Tenement Houses at Taftville
About Completed—Ready for Stone
Work at Chelsea Bank Building.

The foundation is all in for the new
Chelsea bank building and on Tues-
day Contractor Williams moved away
the hoisting engine which had been
used in that work. The cut stone for
the first two courses on the building
is ready to ship and will be here with-
in a short time.

On the Thames bank building the
contractor is pushing the work along
fast, having the foundation and side
walls in, while the rear wall with some
of the stone work and the first row of
windows are in. The piers for the
support of the first floor are being
constructed.

At Taftville, Contractor Williams
has about completed work on the ele-
ven new tenement houses which have
been built to accommodate the extra
help. No more will be started this
winter, it is expected, although it is
expected that there will be many
more built in the spring.

Plans are out for the fitting up of
the sixth floor of the Wauregan house
the same as on the lower floors. This
will be done with oak finish and mak-
ing attractive rooms with bookshelves.
The work on the new cafe is progressing
nicely and it should be opened in a
short time. It will be the handsom-
est in the state.

The contractors are at work on the
new school building at Ocean, which is
being built of brick and wood, and,
when completed, will be a handsome
building.
